NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the nine months ended 31 December 2020

1. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

The Group's condensed consolidated financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants (the "HKICPA") and with the applicable disclosure requirements of Chapter 18 of the GEM Listing Rules. Except for the accounting policies used for the first time in the current period as disclosed below, the principal accounting policies used in the condensed consolidated financial statements for the nine months ended 31 December 2020 are consistent with those followed in the preparation of the Group's financial statements for the year ended 31 March 2020. The condensed consolidated financial statements are unaudited, but have been reviewed by the audit committee (the "Audit Committee") of the Company.

Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attached to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate. Government grants related to subsidy income from government for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

Financial instruments

Financial assets

Classification and subsequent measurement of financial assets

A financial asset is held for trading if:

- it has been acquired principally for the purpose of selling in the near term; or
- on initial recognition it is a part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument.

In addition, the Group may irrevocably designate a financial asset that are required to be measured at the amortised cost or fair value through other comprehensive income ("FVTOCI") as measured at fair value through profit or loss ("FVTPL") if doing so eliminates or significantly reduces an accounting mismatch.

1. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial instruments (Continued)

Financial assets at FVTPL

Financial assets that do not meet the criteria for being measured at amortised cost or FVTOCI or designated as FVTOCI are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of the reporting period, with any fair value gains or losses recognised in profit or loss. The net gain or loss recognised in profit or loss excludes any dividend or interest earned on the financial asset and is included in the “other income, gains and losses” line item.

The HKICPA has issued a number of new and amendments to HKFRSs. For those which are effective for accounting period beginning on 1 April 2020, the application of which in the current period has had no material impact on the Group’s financial performance and positions for the current and prior accounting periods and/or on the disclosure set out in these condensed consolidated financial statements. For those which are not yet effective, the Directors anticipate that the application of such new and revised HKFRSs will have no material impact on the Group’s financial statements in the foreseeable future.

2. REVENUE AND SEGMENT INFORMATION

The Group’s revenue represents revenue arising from the provision of consultation services (“**Consultation Service**”), prescription and dispensing of medication and/or skincare products including sale of skincare products (“**Prescription and Dispensing Service**”) and the provision of skin care treatments (“**Treatment Service**”) during the period.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is a medical skin care service provider in Hong Kong. Currently, the Group operates two “Medicskin” branded medical skin care centres and one anti-aging centre, at prime locations in Hong Kong, which primarily focus on the treatment of skin diseases and problems and/or the improvement of appearance of clients.

The Group provides services to clients for the treatment of, inter alia, skin diseases and problems such as acne, pigmentation, rosacea, dermatitis, eczema and warts, as well as for the improvement of appearance through, inter alia, skin rejuvenation, facial sculpturing and body contouring treatments, treatments of acne scars and enlarged pores, removal of undesirable naevi, and hair removal. Most of the clients are long standing customers of the Group and have been with the Group for more than 5 years. These are achieved through the provision of:

- (i) Consultation Service – performance of medical examination and making a diagnosis of skin conditions of clients through private consultations and making recommendations on the use of skincare products and/or treatment service based on clients’ specific needs, requirements and skin conditions;
- (ii) Prescription and Dispensing Service – prescription and dispensing of pharmaceutical products, medicines and/or skincare products to clients; and
- (iii) Treatment Service – provision of non-invasive/minimally invasive treatment service for clients, which typically involves the injection of Botulinum Toxin Type A and hyaluronic acid, cauterisation, thread lifting and treatments with the use of devices deploying technologies such as laser, radiofrequency and intense focused ultrasound.

For the nine months ended 31 December 2020, the revenue of the Group decreased by HK\$6.0 million, or 15.5%, to HK\$32.6 million, when compared to the nine months ended 31 December 2019. The revenue of Consultation Service, Prescription and Dispensing Service and Treatment Service amounted to HK\$0.9 million, HK\$7.6 million and HK\$24.1 million, which accounted for 2.7%, 23.4%, and 73.9% of the total revenue of the Group, respectively.

Since the beginning of the year 2020, the outbreak of the COVID-19 virus in Hong Kong has further dampened the Hong Kong economy and weakened the local consumption sentiment as a result of social distancing measures which in turn adversely affected the revenue of the Group. Moreover, as a measure to control the spread of the COVID-19 virus, the Government announced and implemented restrictions on public gatherings and ordered closures of various venues, including beauty parlours for certain periods. Despite the fact that the Group's business mainly focuses on medical procedures and medical treatments performed by doctor-operated clinics, certain non-medical beautifying services were affected.

Nevertheless, the Group has adopted more stringent cost control measures and the Group's operating expenses have decreased due to a decline in variable costs such as performance related incentive payments paid to medical practitioners and costs of inventories used, as well as a decline in marketing expenses (including the decrease in endorsement fee due to the expiration of an endorsement contract in February 2020) of its anti-aging centre and beauty spa. In view of the prioritisation of the safety of both its clients and employees, the Group's centres have taken preventive measures to promote a safe and hygienic environment for clients and minimise the risk of contracting and spreading the COVID-19 virus. To cope with the unfavourable changes in the economic and business environment, the Group has started to provide video Consultation Service and offer delivery services for medicines and skincare products.

The Group recorded a profit attributable to owners of the Company of HK\$3.3 million for the nine months ended 31 December 2020, as compared to a loss attributable to owners of the Company of HK\$0.9 million for the nine months ended 31 December 2019. The turn from loss to profit was mainly attributable to the combined effect of the gain from disposal of 51% equity interest in Success Guide Limited (“**Success Guide**”), the holding company of MS Medicspa Limited (“**MS Medicspa**”) which is engaged in the provision of beauty spa services, of HK\$0.7 million (the “**Disposal**”) (details of the Disposal are set out in the 2020/21 interim report of the Company dated 13 November 2020); and subsidies received from the Government credited to the condensed consolidated statement of profit or loss and other comprehensive income of the Group during the nine months ended 31 December 2020 of HK\$2.3 million in aggregate. Basic earnings per share for the period was HK0.76 cent as compared to basic loss per share of HK0.19 cent for the corresponding period of last year.

OUTLOOK

The Group will continue to keep abreast of the latest industry knowledge in order to offer the most suitable and updated services to clients. The Group continuously performs market research on the development of, and evaluates the effects of the latest products, skills and treatment devices and technologies in the market. The Directors believe that the introduction of new types of services and products is one of the driving forces for the growth of the Group’s business and is a significant way to maintain the Group’s competitiveness and its forefront position in the industry.

It is expected that the Group will continue to face the adverse impact from the COVID-19 pandemic in the months ahead. Nevertheless, leveraging on a healthy balance sheet, an established customer base and renowned reputation in the industry, and the Group’s continued efforts in maximising revenue whilst improving operating efficiency, the Directors believe that the Group is well prepared to weather the anticipated economic downturn and is cautiously confident about its development in the future. The Group will continue to use its best endeavours to provide the highest quality medical skin care services and products to its clients and strengthening its market position so as to grow its brand and business and to maximise returns for its investors.

FINANCIAL REVIEW

Revenue

The Group's revenue decreased by HK\$6.0 million, or 15.5%, from HK\$38.6 million for the nine months ended 31 December 2019 to HK\$32.6 million for the nine months ended 31 December 2020. The decrease was primarily attributable to the decrease in the number of clients served by the Group and the decrease in the number of visits by its clients due to the outbreak of the COVID-19 virus in Hong Kong.

Other income, gains and losses

Net other income, gains and losses increased by HK\$3.8 million, or 76.0% from HK\$0.5 million for the nine months ended 31 December 2019 to HK\$4.3 million for the nine months ended 31 December 2020. The increase was primarily attributable to the gain from disposal of 51% equity interest in Success Guide of HK\$0.7 million; and subsidies received from the Government credited to the condensed consolidated statement of profit or loss and other comprehensive income of the Group during the nine months ended 31 December 2020 of HK\$2.3 million in aggregate.

Inventories used

The Group's cost of inventories was HK\$5.3 million and HK\$6.2 million for the nine months ended 31 December 2020 and 2019 respectively, representing 16.3% and 16.1% of the Group's revenue for the respective periods.

Staff costs

Staff costs decreased by HK\$4.3 million, or 23.2%, from HK\$18.5 million for the nine months ended 31 December 2019 to HK\$14.2 million for the nine months ended 31 December 2020. The decrease was primarily attributable to (i) the decrease in staff salaries due to (a) the decrease in the number of staff; and (b) cost-effective measures adopted, including the redeployment of manpower; and (ii) the decrease in performance related incentive payments paid to medical practitioners due to the decline in revenue generated by medical practitioners during the reporting period.

Depreciation of right-of-use assets

Depreciation of right-of-use assets remained stable at HK\$5.7 million for the nine months ended 31 December 2020 and 2019.

Depreciation of property, plant and equipment

Depreciation of property, plant and equipment decreased by HK\$0.4 million, or 19.0%, from HK\$2.1 million for the nine months ended 31 December 2019 to HK\$1.7 million for the nine months ended 31 December 2020. The decrease was primarily attributable to the disposal of property, plant and equipment through the disposal of the 51% equity interest in Success Guide on 1 June 2020.

Other expenses

Other expenses decreased by HK\$2.1 million, or 26.6%, from HK\$7.9 million for the nine months ended 31 December 2019 to HK\$5.8 million for the nine months ended 31 December 2020. The decrease was primarily attributable to (i) the decrease in marketing expenses of its anti-aging centre and MS Medicspa of HK\$1.3 million in aggregate in the current reporting period; and (ii) cost saving due to the Disposal.

Income tax expense

Income tax expense decreased by HK\$0.2 million, or 100.0%, from HK\$0.2 million for the nine months ended 31 December 2019 to nil for the nine months ended 31 December 2020. The decrease was in line with the decrease in profit before tax, excluding the effect of non-taxable income such as interest income on bank deposits, government subsidies and gain on disposal of a subsidiary.

Profit (loss) for the period

As a result of the foregoing, the Group recorded a profit attributable to owners of the Company for the nine months ended 31 December 2020 of HK\$3.3 million, as compared to a loss attributable to owners of the Company of HK\$0.9 million for the nine months ended 31 December 2019.

In accordance with provision A.2.1 of the CG Code, the roles of chairman and chief executive officer should be separate and should not be performed by the same individual and their respective responsibilities should be clearly defined in writing. In addition, the Board is also supervised by three independent non-executive Directors. The Board considers that the present structure will not impair the balance of power and authority between the Board and the management of the Group as the Board assumes collective responsibility on the decision-making process of the Company’s business strategies and operation. The Directors will meet regularly to consider major matters affecting the operations of the Group.
