REASONS FOR AND BENEFITS OF RENEWING THE TENANCY AGREEMENT

The Group has been leasing the Premises as one of its two medical skin care centres in Hong Kong since 23 February 2016. In evaluating the options of renewal of the existing tenancy or leasing a new centre, the Directors consider that the Premises is strategically located in the Central District of Hong Kong which presents continuous business opportunities, and is convenient and easily accessible by

the Group's and potential clients as it is close to most forms of public transport. The lease renewal of the Premises will continue to sustain the presence of the Group in the prime locations in Hong Kong.

The terms of the Tenancy Agreement, including the rental payment, were determined after arm's length negotiations between the Lessor and the Lessee and with reference to the prevailing market rental for properties of similar type, age and location. The lease renewal of the Premises is necessary for continuing the operation of business of the Group for use as a medical skin care centre and is in the ordinary and usual course of business of the Group. Having taken into account the above reasons and benefits, the Board therefore considers that the terms of the Tenancy Agreement are on normal commercial terms, fair and reasonable and in the interests of the Company and its shareholders as a whole.

The estimated value of the right-of-use asset to be recognised by the Company under the Tenancy Agreement shall amount to approximately HK\$8.0 million. The amount of rental payments over the Term will be settled out of the internal financial resources of the Group.

IMPLICATIONS UNDER THE GEM LISTING RULES
